Environmental Biology of Fishes **66:** 405–407, 2003.

Volume 66

Editorial 1

Full papers

Structure and histochemistry of the skin of a torrent catfish, *Liobagrus mediadiposalis* by J.-Y. Park, I.-S. Kim & S.-Y. Kim 3–8

Effects of hatchery rearing on brain structures of rainbow trout, *Oncorhynchus mykiss* by M.P. Marchetti & G.A. Nevitt 9–14

Effect of temperature on oxygen consumption of the leopard shark, *Triakis semifasciata* by P. Miklos, S.M. Katzman & J.J. Cech Jr. 15–18

Multi-scale data used to analyze the spatial distribution of French grunts, *Haemulon flavolineatum*, relative to hard and soft bottom in a benthic landscape by M.S. Kendall, J.D. Christensen & Z. Hillis-Starr 19–26

Ontogenetic behavior and migration of Dabry's sturgeon, *Acipenser dabryanus*, from the Yangtze River, with notes on body color and development rate by B. Kynard, P. Zhuang, T. Zhang & L. Zhang 27–36

Comparative ontogenetic behavior and migration of kaluga, *Huso dauricus*, and Amur sturgeon, *Acipenser schrenckii*, from the Amur River by P. Zhuang, B. Kynard, L. Zhang, T. Zhang & W. Cao 37–48

Causes of growth depensation in red drum, *Sciaenops ocellatus*, larvae by M.E. Smith & L.A. Fuiman 49–60

Distribution and relative size of the swim bladder in *Percina*, with comparisons to *Etheostoma*, *Crystallaria*, and *Ammocrypta* (Teleostei: Percidae) by J.D. Evans & L.M. Page 61–65

Threatened fishes of the world: Delturus parahybae *Eigenmann & Eigenmann, 1889 (Loricariidae)* by P.S. Pompeu & F. Vieira 66

Mate choice and mating pattern in a stream goby of the genus *Rhinogobius* by S. Ito & Y. Yanagisawa 67–73

Intraspecific variation in gape–prey size relationships and feeding success during early ontogeny in red drum, *Sciaenops ocellatus* by J.M. Krebs & R.G. Turingan 75–84

Mobility of *Stichodactyla gigantea* sea anemones and implications for resident false clown anemonefish, *Amphiprion ocellaris* by J.S. Mitchell 85–90

Settlement and density of juvenile fish assemblages in natural, *Zostera capricorni* (Zosteraceae) and artificial seagrass beds by J. Upston & D.J. Booth 91–97

Book critique

What is essential in fish habitat? by M. Lange 99–101

Instructions to authors 103–106

Full papers

Species diversity and abundance of freshwater fishes in irrigation ditches around rice fields, by O. Katano, K. Hosoya, K. Iguchi, M. Yamaguchi, Y. Aonuma & S. Kitano 107–121

Fish community structure and environmental correlates in the highly altered southern Sacramento-San Joaquin Delta, by F. Feyrer & M.P. Healey 123–132

Meristic and morphometric variations in fluvial Japanese charr between river systems and among tributaries of a river system, by T. Nakamura 133–141

Diel and seasonal movements of radio-tagged freshwater eels, *Anguilla* spp., in two New Zealand streams, by D.J. Jellyman & J.R.E. Sykes 143–154

Distribution and biology of *Galaxias truttaceus* (Galaxiidae) in south-western Australia, including first evidence of parasitism of fishes in Western Australia by *Ligula intestinalis* (Cestoda), by D.L. Morgan 155–167

Reproductive biology of *Eretmodus cyanostictus*, a cichlid fish from Lake Tanganyika, by J.I. Morley & S. Balshine 169–179

Putative chemical inhibition of development by conspecifics in mosquitofish, *Gambusia affinis*, by M.M.F. Lutnesky & J.W. Adkins 181–186

Evidence that temperature change cues reproductive development in the spiny damselfish, *Acanthochromis polyacanthus*, by M.L. Hilder & N.W. Pankhurst 187–196

Feeding ecology of larval and juvenile black seabream (*Acanthopagrus schlegeli*) and Japanese seaperch (*Lateolabrax japonicus*) in Tolo Harbour, Hong Kong, by T.H.M. Nip, W.-Y. Ho & C.K. Wong 197–209

Full papers

Spawning behavior and biparental egg care of the crosshatch triggerfish, *Xanthichthys mento* (Balistidae), by H. Kawase 211–219

Seamounts, new moon and eel spawning: The search for the spawning site of the Japanese eel, by K. Tsukamoto, T. Otake, N. Mochioka, T.-W. Lee, H. Fricke, T. Inagaki, J. Aoyama, S. Ishikawa, S. Kimura, M.J. Miller, H. Hasumoto, M. Oya & Y. Suzuki 221–229

Male courtship sounds in a teleost with alternative reproductive tactics, the grass goby, *Zosterisessor ophiocephalus*, by S. Malavasi, P. Torricelli, M. Lugli, F. Pranovi & D. Mainardi . 231–236

The influence of selected environmental variables on fish assemblage structure in a range of southeast African estuaries, by P.D. Vorwerk, A.K. Whitfield, P.D. Cowley & A.W. Paterson 237–247

The haremic mating system and mate choice in the wide-eyed flounder, *Bothus podas*, by N. Carvalho, P. Afonso & R.S. Santos 249–258

Distribution, habitat, and behavior of rockfishes, *Sebastes* spp., in nearshore waters of southeastern Alaska: Observations from a remotely operated vehicle, by S.W. Johnson, M.L. Murphy & D.J. Csepp 259–270

Oral fimbriae and papillae in parasitic lampreys (Petromyzontiformes), by K.T. Khidir & C.B. Renaud 271–278

The influence of environmental variables on the distribution and abundance of three elasmobranchs in Tomales Bay, California, by T.E. Hopkins & J.J. Cech 279–291

Ontogenetic variation in the diurnal food and habitat associations of an endemic and an exotic fish in floodplain ponds: consequences for niche partitioning, by R.J. Stoffels & P. Humphries 293–305

Full papers

Field evidence for bioluminescent signaling in the pony fish, *Leiognathus elongatus*, by A. Sasaki, K. Ikejima, S. Aoki, N. Azuma, N. Kashimura & M. Wada 307–311

Fathead minnows, *Pimephales promelas*, learn to recognize chemical alarm cues of introduced brook stickleback, *Culaea inconstans*, by M.S. Pollock, D.P. Chivers, R.S. Mirza & B.D. Wisenden ... 313–319

Assessment of predation risk by juvenile yellow perch, *Perca flavescens*: Responses to alarm cues from conspecifics and prey guild members, by R.S. Mirza, S.A. Fisher & D.P. Chivers 321–327

Biogeography and breeding in Gymnotiformes from Uruguay, by A. Silva, L. Quintana, M. Galeano & P. Errandonea 329–338

Fluid regulation and physiological adjustments in the winter skate, *Leucoraja ocellata*, following exposure to reduced environmental salinities, by J.A. Sulikowski, J.R. Treberg & W.H. Howell . 339–348

Occurrence of larval and early juvenile fishes in the surf zone adjacent to two intermittently open estuaries, South Africa, by N.A. Strydom 349–359

Variation in vertebral number in galaxiid fishes (Teleostei: Galaxiidae): A legacy of life history, latitude and length, by R.M. McDowall 361–381

Some consequences of size variability in juvenile prickly sculpin, *Cottus asper*, by C.A. Pfister ... 383–390

Effects of barriers and thermal refugia on local movement of the threatened leopard darter, *Percina pantherina*, by J.F. Schaefer, E. Marsh-Matthews, D.E. Spooner, K.B. Gido & W.J. Matthews .. 391–400

Book critique

An aging reference undergoes extensive reconstruction, by K.M.M. Jones 401–403

Volume contents 405–407

Authors index 408
